

Seals Class.

Spring- Term 4 2019.

Miss Sharratt and Mrs Adams.

English.

In English we will be continuing how to write a letter in guided reading. Furthermore, our topic of the Victorians will provide many writing opportunities paired with the reading and discussing of our class story '*Street Child*'.

Topic.

Our topic for this term is the Victorians. In lessons we will be researching and writing about what everyday life was like as a Victorian. We will also be comparing Victorian life between wealthy and non-wealthy families, as well as comparing the era to modern day. In PSHE and RE we will be learning about salvation and relationships.

Maths.

In maths, times tables are a key focus again. We will also be continuing our work on fractions (and decimals for year fours) as well as understanding different measures, such as time and the 12 and 24 hour clock.

Science.

In science we are focussing on shadow and light. We will carry out investigations to understand that light travels in straight lines and how reflections and shadows are created.

A decorative border of ten colored pencils surrounds the text. The pencils are arranged in a rectangular frame: purple and blue at the top, yellow and orange on the left and right sides, teal and purple on the right side, red and green on the right side, and blue and pink at the bottom.

Home Learning Challenge!

Tough: Write or type a poster that includes lots of different adjectives and similes to describe the Victorian era. Think about describing the people, where they lived (back streets of London) and the jobs they had.

Harder: Write or type one paragraph explaining things that you like about the Victorian era and another paragraph explaining things that you don't like about the Victorian era. Eg: You might like the inventions they created but you don't like the horrible jobs children had such as chimney sweeping.

Impossible: Make a 'Wanted' poster for a Victorian person. You can make the person and their crime up. Tell me what they look like so people can catch them, what crime they have committed and how much the reward will be if anyone finds them- dead or alive! You can type this or hand write it. If you're feeling really creative, staining your work with a used tea-bag will add a great old- parchment effect!
