10th October 2018

Dear Parents / Guardians

Important Message - Please Read

As you are all aware we have a pupil within school that has a severe nut allergy. In the news you may have heard that there is a distinct shortage of Epi Pens, which is the lifesaving medication needed if our pupil were to come into contact with nuts and potentially nut products.

For this reason, I ask that you are additionally careful about the foods which you send into school with your child. NO nuts of any description please. I know you will appreciate the importance of this and I thank you for your support with this matter. Until the shortage in medication is resolved this will be a major health issue for many people.

Harvest Celebration

Thank you very much for all of your donations, which were taken along to St Peter and St. Paul's Church, this morning. The children as always were wonderful; performed their pieces very well and behaved impeccably. Thank you also to our volunteers who stepped in to help us at the last minute. Your help is much appreciated.

Parent Consultations

Parent consultations Monday 15th and Tuesday 16th October, from 3.30pm. These are very important meetings as they give you an opportunity to talk to your child's class teacher to find out how your child has settled into their new class / year group.

Clubs - week of 15th October

Please note that on the week of 15th October, due to parent consultations there will be no clubs running after school that week apart from Stage Academy with Donna Squires.

Head Lice

Please take the opportunity to 'Take a Peek' in your child's hair. Regular checks/ combing/ treating help to stop eggs being laid and the problem getting out of hand.

Kind Regards

Mrs. P. Maycock
(Principal)
